

ULTRA HYDRO Clean Machine Light battery 12V

- cod. HCC300001

DESCRIPTION

Practical low-pressure washer useful for cleaning evaporators on indoor and outdoor units.

Easy to carry thanks to its light weight and its practical handle, it does not need to be connected to the mains power supply to be used.

Simply charge the battery before use.

The integrated 5-litre tank allows the operator to use the pressure washer easily without the need for a connection to the external water source.

Equipped with a 2 metre tube that allows you to clean the evaporator by placing it on a support surface.

The operator can also adjust the water flow by acting directly on the dispenser.

TECHNICAL SPECIFICATIONS:

- Tank capacity 5 L
- Water use temperature 0-60°C
- Operating pressure 5 bar
- Water flow 2 L/min
- Lithium-ion battery power supply, rechargeable 12 V 2200 mah
- Power 45 W
- Battery charger included
- Battery charging time 3 h
- Battery discharge time 30 minutes
- 2m PVC hose
- Weight 2 kg
