

RESTAURA

ductwork for covering drainage channels and pipes

- cod. 24000400 - cod. 24000410 - cod. 24000420

DESCRIPTION

The plastic white RAL 9010 duct is very versatile and suitable for various uses.

It can be used for the coating of exhaust columns, gutters, heating pipes, water pipe covers and air conditioning and refrigeration pipes.

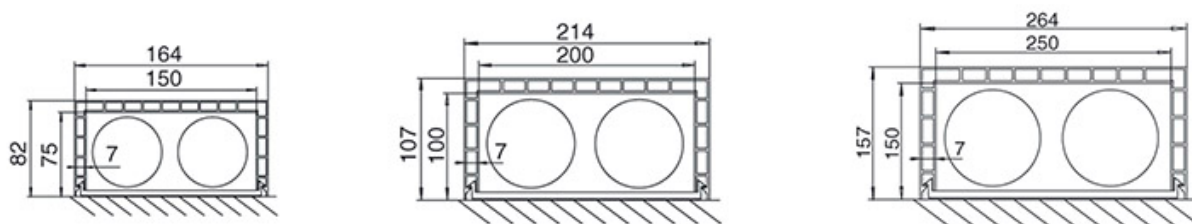

The ducting sections are secured with clips which are spaced approximately every 50 cm.

When positioning the duct on the ceiling, it is essential to use dowels and screws to secure the various sections.

TECHNICAL SPECIFICATIONS:

- White RAL 9010 colour
- Made of shockproof anti-UVA PVC
- Honeycomb profile
- Bars length 3 m
- Can be painted
