

PROAIR PACK CAB ORANGE 5

with "Eolo" plenum

- cod. GAD400378

DESCRIPTION

The system is supplied complete with "Polaris" control unit, chronothermostats and mechanical pass kit to be installed on the plenum (complete with fixing ring and counterweight).

The system is supplied complete with programmable thermostats and dampers (Ø 150 or Ø 200) fixed on the insulated plenum, based on the number of zones.

In order to ensure ease and speed of installation, the PROAIR PACK CAB EOLO system is completely assembled, configured and tested 100% by qualified personnel.

Simply indicate, when ordering, the model of the plenum or alternatively communicate the size of the plenum and specify the code of the chosen PROAIR PACK system.

Wired programmable chrono-thermostats included in the Pack:

- 5 STEALTH 3X timed thermostats white
