# PROAIR PACK UNIVERSAL RF RED 2
with "Eolo" plenum

– cod. GAD400345 – cod. GAD400346 – cod. GAD400355

DESCRIPTION

The "Universal Proair Pack" systems are designed to facilitate and assist in the choice of the product to be kept in stock; the product is composed of a kit that will be mounted on site according to the model and the dimensions of the ducted machine.

The kit comes complete with plenum for air distribution, the control unit "Polaris", the chronothermostats, 2 aluminum bars for flange, the glue for fixing, a roll of gasket and a mechanical by pass.

The plenums are delivered with the motors installed and connected to each other, inside the Eolo plenum the butterfly dampers are mounted for the regulation of the air flow.

The installer need only cut the plenum with a reciprocating saw to the desired size according to the ducted machine to be mounted (it is advisable to always measure the flange of the machine), cut the aluminium profiles to size, glue them with the supplied glue and insert the gasket.

The supplied bypass will be installed with a slight pressure (opening downwards) on the desired side of the plenum after cutting one of the two side collars and then adjusting the opening pressure with bolts.

PROGRAMMABLE THERMOSTAT COMBINATION

- 2 DISCOVERY 2X timed thermostats
- 1 timed thermostat DISCOVERY 2X + 2 timed thermostats MINI DISCOVERY 3X
- 1 DISCOVERY 2X timed thermostats + 2 LEM 3X RF room probes
- 2 DISCOVERY 3X timed thermostats
- 1 timed thermostat DISCOVERY 3X + 1 timed thermostat MINI DISCOVERY 3X
- 1 DISCOVERY 3X timed thermostat + 1 LEM 3X RF room probe

The PROAIR PACK UNIVERSAL RF RED 2 system consists of:

- 1 insulated delivery plenum "Eolo" for ducted units
- N has 1 "Polaris" control unit with preloaded protocols, app, Alexa and Google Home
- Motorised dampers integrated into plenum and timed thermostats, depending on zones
- 1 ABS plastic mechanical bypass kit to be fastened on right or left sides of plenum (includes fastening ring nut and counterweight)
- 1 Aluminium profile
