## Flexible sleeve kit - EXC

- cod. SCD100566 - cod. SCD100567 - cod. SCD100568  
- cod. SCD100569 - cod. SCD100570 - cod. SCD100571

## DESCRIPTION

The sleeve kit is made of PVC and consists of a sleeve plus approximately 70 cm of 60 or 80 mm hose. The sleeve is made with a transverse opening so that it can be installed when the connection pipes to the external units are already connected, in order to cover damaged pipes at the level of the external insulating sheath. The sleeve allows EXCELLENS ducts and flexible hose to be connected to each other.
