

Hose clamp with clamp, clutch and non-slip handle for tubes in inches and millimetres with pipe cutter and deburrer, supplied in a carrying case

- cod. TSC600002

DESCRIPTION

The hose clamp with clutch makes it possible to create precise connections without any difficulty, as the clutch, once the connection is made, automatically clicks through vacuum.

The practical non-slip handle makes it easy for the operator to use the tool.

Pipe cutter and deburrer complete the kit.
